Recruitment Guidelines

FROM THE DIRECTOR'S DESK

Greetings from IIM Calcutta!

It is my pleasure to welcome you to the placement activities of the MBAEx program of IIM Calcutta. Earlier known as PGPEX, the 17th batch of the program will be graduating in April 2024. IIM Calcutta is the first triple-accredited B-School in India. The AACSB, AMBA, and EQUIS certifications symbolize our commitment to staying current and relevant in dynamic and competitive environments. The Institute routinely features amongst the top-ranked B schools. These rankings endorse IIMC's strengths and commitment to producing business professionals who will provide visionary organizational leadership.

We began the Post Graduate Programme for Executives, MBAEx in 2006 with the vision of grooming leaders for the industry by drawing from the pool of those with work experience. A minimum work experience of five years is the eligibility criterion for this MBA for executives program. The curriculum is synchronized with changing business needs. Individual research projects, pre-work and workshop modes of teaching, and live projects have been incorporated in the latest revisions.

The programme continues to attract exceptional talent. The 17th batch comprises 77 students with an average age of thirty-one plus years. Their industry backgrounds represent 20+ diverse professional backgrounds, viz., IT/ITES, Telecom, Healthcare, Oil & Gas, Defense, Capital Goods, Education, Social sector, BFSI/ Financial Services, Energy & Power, Media & Entertainment, Agribusiness, E-commerce, Analytics, Consulting, Apparel fashion & Retail, Automobile, Consumer durables, EPCM/ Manufacturing. Out of the total batch strength, about 21% of the students have international experience.

The students are groomed to become leaders to meet the requirements of challenging business environments. The chosen participants are provided with an environment in which they can sharpen their competitive edge. The quality of the candidates and the programme is clear; nearly 1/6th of the graduates occupy C-Suite positions within five years of their graduation. Their success in the industry and other fora is evident from IIMC's MBAEx programme being ranked 3rd in NIRF 2022 Rankings of MHRD, Govt. of India among the top 100 B-schools. The programme ranked 68 globally in FT Rankings 2022 for Global MBA (One-Year) and ranked 1st in BT MDRA Indian B-School Ranking 2022. This programme is the only Indian Partner of Strategic CEMS Global Alliance with 33 Global Partner Business Schools.

Many of you have had a long-term relationship with our institute as recruiters. Your confidence in our institute and its students has helped us be proud of our very successful alumni across the globe. We remain cognizant that success is a journey, not the destination, and look forward to having you partner with us in our journey this year too.

We welcome you to the placement process of MBAEx once again.

Sincerely,

Prof. Uttam Kumar Sarkar
Director
IIM Calcutta

FROM MBAEX CHAIRPERSON'S DESK

*Dear Recruiter,
Greetings from IIM Calcutta!*

Welcome to the Placement process of MBA for Executives (MBAEx) program, a one-year full time General Management Program for experienced executives offered by IIM Calcutta.

The MBAEx program aims to develop Management Talent for middle and senior level leadership positions in diverse industries. The fact that we have been successful in the endeavour is reciprocated by the ready acceptance of our past 16 batches by the industry. The students have been recruited by organizations from wide spectrum of industries ranging from Consultancy, Telecom, Projects, IT, and ITES, Oil and Gas, and FMCG among others. In the past, students have been offered senior roles such as Director, Senior General Manager to name a few. Our MBAEx alumni are our flag bearers who have helped develop the program's visibility and credibility in the industry by their stellar achievements. Many of them are contributing significantly in their positions of leadership and prominence, even though MBAEx is still relatively a young program. The pandemic initiated challenges were aptly rewarded by our resilient students who made the most of the adapted curriculum to meet the industry needs. It is worthwhile to mention that IIMC-MBAEx program is part of the 2023 FT 100 Global MBA (One-Year), that also includes #1 in alumni satisfaction criterion among all Indian B-Schools. We are also proud of being the first Indian B-School to have been triple-crowned with global accreditation, with MBAEx selected as focus program by International Accreditation Agencies.

The Class of '24 comprises an eclectic mix of youth and experience. Under the able guidance of the country's leading management faculty, a passion for continuous learning synergizes with experiences from diverse industry backgrounds to create an enriching learning environment. MBAEx curriculum has been supplemented with several industry-academic events unique to IIM Calcutta in particular. Experiencing Workshop modes of teaching and case-based learning, having industry stalwarts as guest lecturers in Leadership Talks with CEOs teaching students

in one-of-a-kind 'Being a CEO' course, including recent industry-related electives in #tech and #digital spaces, scaling up the only Asian business symposium conclave – Lattice, creating YouTube chapters on Futures of Work, recording organic growth of MBAEx LinkedIn page, and contributing in Live Projects on sustainability; these are some of the unique revisions incorporated into the dynamic program structure. We included new elective courses in 2023-24. The international immersion program with site visits to L'Oréal Beauty Tech Square in Paris with Essec Business School and Industrial houses like BASF SE, Hager Group, and Heidelberger Druckmaschinen with Mannheim Business School are the highlights on Global Industry Exposure. MBAEx Review is now in its 5th year of expanding its reach as a recognizable Business Magazine developed by the students.

The cohort diversity has been growing in the last couple of years and that is a positive sign of a maturing academic program. We have had in recent years' students with experience as diverse as lawyers, dentists, architects & defence, apart from the expected aspirants – IT / ITES! The Class of '24 is a fine mix of Oil and Gas, Petrochemicals, Audit, Financial Services, Banking, Defence, IT/ITES, Manufacturing, Automotive, Education, Power, Mining and Energy, Agribusiness, Construction, Electronics, Telecommunication, Insurance, Travel and Tourism, among others.

The students of MBAEx are ready once again to develop their own unique learning curve, and with them, we at IIMC re-learn that it takes a lot more than any, to watch, imagine and support the 'future-in-progress'! We look forward to YOUR continuous support, interest and contribution as always in probably the most dynamic activity that exists between IIMC-MBAEx and Industry – as recruiters you help us contribute meaningfully to academia, industry and world at large.

Warm Regards,

Prof. Pragyan Rath
Chairperson
MBAEx (Indian Institute of Management Calcutta)

FROM PLACEMENT CHAIRPERSON'S DESK

Dear Recruiter,

IIM Calcutta extends its heartfelt greetings and welcomes you to the placement process of IIMC's MBAEx (formerly PGPEX) class of 2024. For the last 16 years this program has distinguished itself in developing the leadership and management capabilities of graduates with prior work experience. The program's contribution to augmenting and enabling mid-career professionals to progress towards senior/top management roles in the industry has been borne out by the standing of the program in the market.

One-sixth of the MBAEx alumni have occupied CXO positions within five years of graduation. IIMC's MBAEx ranks 68th globally in 2022 FT Survey and 3rd in the NIRF 2022 ranking of Government of India. It has been ranked 1st in the BT MDRA Indian B-school ranking of 2022.

IIM Calcutta's triple-crown accreditation and status as the only Indian strategic partner of CEMS Global Alliance in Management Education speak highly of academic prowess and the programme structure. The institute provides an intense learning atmosphere, global perspective through an international immersion programme, live projects, and continued interactions with industry leaders in formal and informal settings.

The current batch has 77 candidates. An average profile represents a 31.5-year-old graduate with 8.6 years of work experience who entered the program with an average GMAT score of 691. The participants come from 20+ diverse industry backgrounds (IT, Automobile, Manufacturing, Banking & Finance, Energy/Oil & Gas, Infrastructure/Construction, Consulting, Healthcare, Media & Telecom, Defense, E-commerce, Education, Insurance, Mining, Shipping, and Sports), making the class interactions truly vivid and enriching even for faculty colleagues.

I am sure this batch will bring in the richness of strategic thinking and action orientation your organization needs to succeed in these challenging times. I am delighted to invite you to be a part of Placement efforts for MBAEx 17th batch. You are a key part of our quest for excellence, and your support helps us feel proud of our institute's accomplishments. It would be our pleasure to help you scout the best talent for your business needs.

Sincerely,

Nimruji Jammulamadaka
Chairperson – Career Development and Placement Committee
& Professor – Organizational Behavior Group

ELIGIBILITY CRITERIA

Executives with graduate degree (minimum 3 years duration) in any discipline (or equivalent qualification) from a recognized University

- At least 5 years of full time post-qualification Managerial / Professional experience
- A valid GMAT score (taken within the last 36 months at the time of application)
- Proficiency in English

SELECTION PROCEDURE

Selection will be based on Academic Background, Professional Experience, GMAT Score, Personal Interview, Statement of Purpose and Recommendation Letters from two referees who hold senior academic or managerial positions.

MODE OF DELIVERY OF THE PROGRAMME

Course delivery through an appropriate mix of classroom lectures, case studies, individual and team assignments. The programme will be delivered by IIMC faculty along with international faculty of repute.

THE SALIENT FEATURES OF MBAEx

- Open to executives of all nationalities
- One-year full time residential programme
- Strong focus on analytical and problem-solving pedagogy
- Emphasis on developing communication, team-building and leadership skills
- Learning in a cross-cultural environment
- Immersion module with a pre-immersion project component
- Live Projects at IIMC campus with Industry/Faculty/Start-Up/Thought leaders/mentors
- World class management education at Indian price

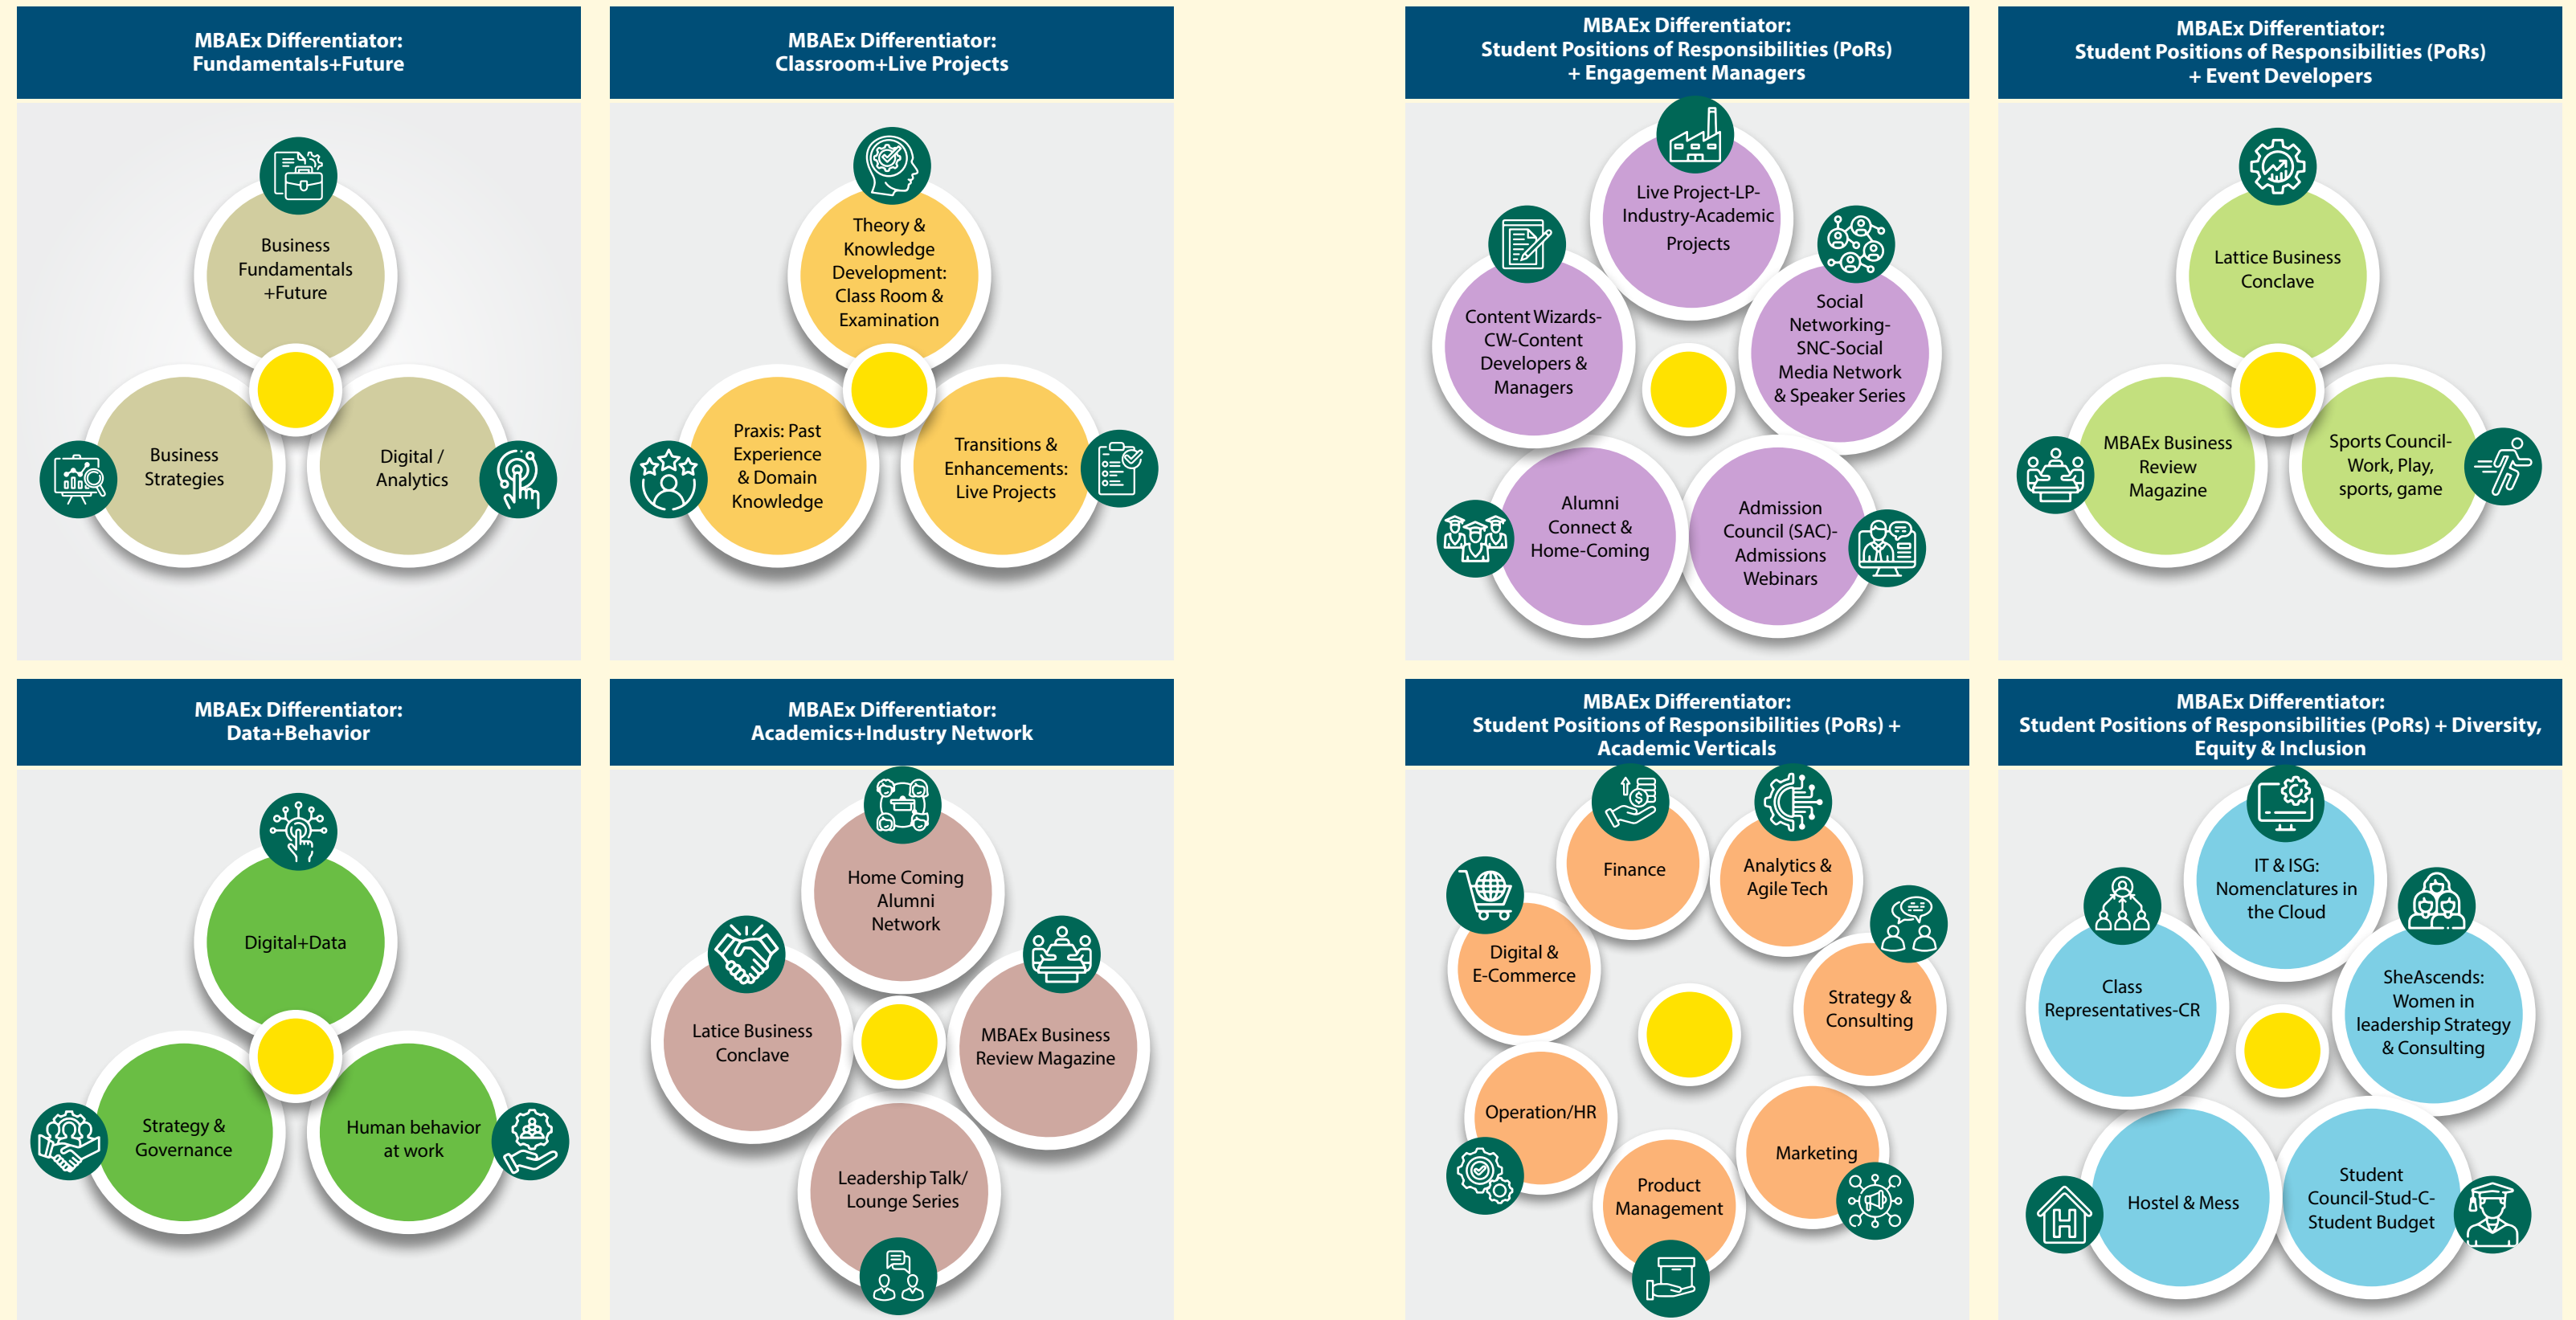

The MBAEx programme fulfils the criteria to be considered as MBA as per global accreditation organizations and features in the coveted 'Global MBA Ranking'. The programme is of international repute and competes in the one-year MBA section of global rankings viz. Financial Times. Moreover, IIM Act also encourages the Institute to compete globally.

The programme has been continuing since 2006, and over the years, an integrated course package for this programme has been developed and updated annually. The students come with diverse work experience from various backgrounds and industries, making peer learning much more nuanced than a regular MBA programme. Several notable alumni of this programme are placed in leadership positions in various organizations.

Graduating students and new applicants to the programme may note that IIM Calcutta is engaged with the Ministry of Education (MoE) and other IIMs to address the concerns of the MoE related to the programme. Being fully owned by the Government of India as an institute of eminence, IIM Calcutta has sought the Ministry's support in running its best-positioned programmes. The final status of the certificate (Degree or Diploma) will be contingent on the outcome of the deliberations with the Ministry.

MBAEX PROGRAMME AS SYNERGY, DIFFERENTIATOR & INSTITUTION BUILDER

MBAEx is the # Live Learning as Class of '24 has molded itself into activity verticals that contribute to IIM Calcutta-Institute building activities – content developers to event managers to engagement network to equity leadership - the live training for leadership role is on.

BEING A CEO SERIES

As part of the "Being a CEO" lecture series, the students interact with top management industrialists and business luminaries and learn about what it takes to be a leader. It is a compulsory course of 10 sessions, each session token by an eminent CEO with students submitting reflective notes on the same.

MBAEx LEADERSHIP TALKS -SPEAKER SERIES

The special Leadership Lecture series coordinated by the Social Networking Student Team (SNC) has Industry / Corporate / Social Leaders sharing their knowledge with the cohort.

MBAEx ADMISSIONS WEBINARS

With an aim to reach out to prospective applicants who wish to apply for the next batch, the MBAEx student admission team (SAC) organize historically well-known theme-based webinar sessions during the admission cycle. Webinars were hosted as panel discussions on various topics:

These panels include industry alumni who have worked in the related area, the Programme 'Chairperson / faculty members and current cohort. The floor is opened for Q&A at the end of each panel discussion.

INTERNATIONAL IMMERSION

The 16th MBAEx batch (batch 16: AY 2022-23) visited Mannheim Business School in Germany and ESSEC Business School in France for the immersion module between March 06 and March 18, 2023. As per earlier years, students were at the business schools for two weeks: the 2 weeks at the business schools included classroom lectures, industry visits, and group project work, the topics and scope of which were decided by faculty member(s) from the business schools. The students worked on the topics in groups and made presentations when they were at the business schools.

These projects were evaluated by the immersion partner schools.

ESSEC Business School, France organized the module "Doing Business in France" while Mannheim Business School, Germany organized, the "Global Immersion Module".

The ESSEC module comprised of lectures on: "Global strategy in the European Context", "Luxury Branding", and "Why is France the perfect place for entrepreneurs" among a few, and visits to companies like L'OREAL, French Ministry of Finance (Bercy), Cergy ESSEC Ventures, among others. Students had also gone to Mannheim and attended lectures on, "The German mindset and cultural identity as drivers behind Europe's economic powerhouse", "Success factors of the German Mittelstand", "Entrepreneurship from a German Perspective" and so forth and visited companies like Hager Group, BASF, Mafinex, along with others.

LATTICE: MBAEx BUSINESS CONCLAVE

Lattice is the premier annual business symposium for IIM Calcutta and in South Asia. It is a one-day event with industry stalwarts and students and academia for relationship building and interactions organised by the Lattice Student Team. It has a broad theme with Keynotes, Panel & Round Tables, Quizzes and Case Competitions, Cultural programme, networking lunch and get-together dinner.

HOMECOMING: MBAEx ALUMNI EVENT

The alumni networking event is organised by the Alumni Team. The event has earlier MBAEx cohorts as special invitees to share their memory of MBAEx with Current cohort and faculty. It includes Keynotes, Faculty- Student reunion, Sports and Get-Together Dinner

LOUNGE SESSIONS

An informal discussion with Faculty / Industry / Alumni is a spontaneous tadka to a high intensive programme.

MBAEX BUSINESS REVIEW

The 4th edition of the MBAEx online was revived with an amalgamation of messages by the Director, MBAEx Chairperson, articles by faculty members and students of batch-16, alumni interviews, a candid overview of the MBAEx (formerly PGPEX) journey — Down Memory Lane, Glimpses of Life at Joka, and industry-expert interviews, The theme of the magazine was India @ 75. The magazine is developed by MBAEx Student Magazine Team.

MBAEX 17 INITIATION OF SHEASCENDS

Women in Leadership Team: In view of equity leadership, SheAscends is a Batch 17 initiation into understanding and celebrating women in leadership.

MBAEX 17 INITIATION OF ACADEMIC VERTICALS

Academic verticals are student teams that set up virtual / offline training and learning activities with industry, alumni and faculty for internal preparation of the student cohort.

STUDENT PARTICIPATION IN COMPETITIONS AND CAMPUS CLUBS

From Toastmasters & Consult-Clubs to Sports, we have it all.

Led and mentored a team of 10 members and delivered a new product used to manage AI transparently across any enterprise - SAP AI Launchpad, resulting in additional business worth USD 100,000 per month.

- Implemented continuous delivery practices such as automated bi-weekly delivery, reducing maintenance costs by 75%.
- Managed product backlogs and ensured the initial smooth delivery of SAP AI Launchpad to customers biweekly during the tricky pandemic.
- Involved in forums such as the cross-product architecture forum that help architects and product owners to align on technology.
- Led a team of four interns on a fellowship project for a machine learning problem, filing a patent for automating hyperparameters.

Member of Technical Staff, Procurement Insights, Edgeverve - Infosys Company

- Identified bottlenecks in a product, resulting in better collaboration between product owners and developers and increased technical viability.

Senior Associate Platform L1, Sapient Consulting | Bangalore

- Developed successfully, as an individual contributor, Proof of Concepts for the Australia & New Zealand Banking Group.

Senior Systems Engineer (L1, L2, L3), Infosys Limited

- Worked with US client, SunTrust, to build an application - amidst a resource crunch due to attrition - that improved ease of loan application for customers, resulting in increased revenue and attracting a SPOT award for the quarter.

Areas of Interest

Artificial Intelligence and Machine Learning, Environmental Sustainability, Strategy, Leadership, Technical Program Management, and Software Architecture.

INDIAN INSTITUTE OF MANAGEMENT CALCUTTA RECRUITMENT GUIDELINES FOR MBAEx PLACEMENTS 2023-24

- The following is a brief about duly approved recruiter guidelines and policy for recruiting MBAEx students of IIMC for final placements of the season 2023-24. Recruiters are requested to familiarise themselves with the same and abide by it.
- Employer branding opportunities are provided as per the approved policies of the institute. These include case competitions, pre-placement talks, leadership/speaker talks, scholarship and sponsorship opportunities. Please get in touch with the Career Development and Placement Office (CDPO) or student placement representatives for this purpose.
- MBAEx follows a rolling process for placements. Under this process only a few companies, preferably one or two would be participating in the process on any given day.
- The Rolling Placements season for the final placements begins from 1st November 2023. Interview (virtual or physical) shall be held on a date-time of mutual convenience that minimizes conflict with class schedule.
- If there is a change in JD before the interview, recruiters are requested to duly communicate the same to the placement team.
- The recruiter may also address the students through a pre-placement talk (PPT) (online or offline) about the relevant opportunities at the company and career details.
- Based on the JD shared by recruiter, students express their interest for applying for the role. Recruiters may also express interest in the candidates based on the batch profile.
- The recruiter shall inform Placement Team in advance of the number of persons/panels for conducting the interview, the number of interview rounds etc. IIMC also permits online interviews if necessary.
- Pre-Placement Offer (PPO) is an offer extended to the candidates by the company providing them Live Projects to join as full-time employees. It is considered valid only if informed to the CDPO/Placement Team clearly in writing (e-mail).

Pre-Interview

- MBAEx Placement Team contacts the company and shares the cohort profile. The recruiter shall provide details of the openings in the Job Description (JD) form based on their hiring requirements and the batch profile.

Interview & Post Interview:

- Recruiters are requested to hold PPTs/ interviews in the evening hours to minimize conflict with the class schedule. Furthermore, they are requested to avoid conflict with scheduled academic activities and exams.

- To enhance the chances of offer acceptance, it is advisable that the candidates be made fully aware of the job details before a formal offer is made.
- The recruiter must communicate the offer being made, in writing/email vide the Institute's Offer Form, through the designated Placement Representative/s to the CDPO at mbaexplacement@iimcal.ac.in

Recruitment Fee:

- A recruitment fee is applicable for all students hired through the placement process of IIMC. The fee is payable only after the candidate joins the company. Fee is applicable even for candidates hired through the PPO. The recruitment fees for the year 2023-24 is as follows:
- Domestic Offer per candidate hired – INR 1,20,000 + Taxes, as applicable. International Offer per candidate hired – USD 3,000 + Taxes, as applicable.

The Recruitment Fee is to be paid by the firms once the student joins the organization irrespective of whether a student resigns from the organization within a short span of time. The institute however does not guarantee the joining or resigning of a student.

Recruitment Fee will not be charged from a recruiter if, a firm does not hire any student during the process, or a student does not accept the offer extended by the firm during the process.

CDPO will email all the recruiters seeking confirmation regarding joining of students and relevant accounting details for raising the Invoice. Companies are expected to pay the invoice amount within 21 days from the date of invoice.

Salient Points on Offer Communication, Confirmation and Acceptance:

- Companies are requested to interact with the student placement representatives and/or the Career Development and Placement Office of IIMC.
- Post the confirmation of offer acceptance, the final list of students joining the recruiter will be confirmed by the Placement Team over mail upon completion of placements.

In the rare case that a candidate does not honour the accepted offer and is a no-show at the company, the institute initiates disciplinary action against the said candidate as per duly approved policy.

In a similar vein, the institute expects recruiters to honour the offers made to the students in good faith. Companies are expected to onboard students within a reasonable time period after their convocation. Inordinate delays in onboarding of hired candidates will be deemed to be revoking of offer and will invite action as per the policies of IIMC.
